

Stakeholder Presentation

1. Market Share Trends

Shows how **market share has evolved** over time ; Helps identify **growth**, **stagnation**, or **decline** trends for vendors ; Useful for **forecasting future market performance**.

Example insights:

- ✓ Which vendors are gaining or losing market share?
- ✓ Are there any seasonal patterns in market share changes?
- ✓ How do new M&As impact vendor positions over time?

2. Revenue Change Analysis

Helps **visualize revenue growth or decline** over time ; Shows how **Mergers & Acquisitions (M&A)** impact revenue ; Makes it easy to **track positive vs. negative revenue impact** by vendor/region.

Example insights:

- ✓ How much market share did vendors gain/loss after M&A?
- ✓ Which years had significant revenue spikes or dips?

3. Market Share Breakdown

Lets stakeholders **drill down into key metrics** dynamically ; Helps answer "**Why is market share changing?**" ; Breaks down revenue by **region** → **country** → **vendor** → **service offerings**.

Example insights:

- ✓ Which region contributes the most to market share?
- ✓ Which vendor acquisition led to revenue growth?
- ✓ What services are most profitable?

4. Region-wise Vendor Revenue

Provides a **geographical view** of vendor revenue distribution ; Highlights **regional revenue dominance** of vendors ; Helps understand **which regions contribute most to total revenue**.

Example insights:

- ✓ Which regions generate the highest vendor revenue?
- ✓ Are there unexplored markets with growth potential?
- ✓ How does revenue distribution differ across continents?
